

# AQD'S FOCUS ON DEPARTMENT OF DEFENSE

## About The Acquisition Services Directorate

The Acquisition Services Directorate (AQD), a line of business within the U.S. Department of the Interior's National Business Center (NBC), provides a full spectrum of acquisition services to all Federal agencies. We help managers in every agency fulfill their missions by providing expert, compliant procurement solutions.

As an ISO 9001 certified organization, AQD has an outstanding track record of utilizing efficient business practices to ensure excellent service while delivering cost-effective contracts. We'll handle the complete acquisition lifecycle with experienced contracting officers, innovative technology, and value-added benefits.

## Our Knowledge and Expertise

During the entire project, you have the support of a highly skilled team of acquisition professionals who understand the complexities of the procurement regulations. We manage the whole process – from planning, soliciting and evaluating offers, to awarding and administering contracts, through closeout. Our Contracting Officers use all available options, including GSA Schedules, GWACs and IDIQs to fulfill customer requirements.

Because we specialize in serving all military agencies, we are experts at handling the complex phases of the procurement process. We have achieved competitive awards for 76 percent of contracts by adhering to "Fair Opportunity" requirements and remaining fully compliant with DoD Section 803 competition. With many of our clientele made up of DoD entities, we ensure that 100 percent of our DoD FSS actions are done through e-Buy and that we follow DFAR policies, procedures and guidelines. We value our Department of Defense customers and our service to them.

## Our Technology

By managing your budgets and bottom line with GovPay™, our state-of-the-art electronic invoicing system, you can review, approve and track invoices via the Internet. This allows for savings on paper, printing and postage costs. GovPay™ ensures accuracy and streamlines the billing process by reducing erroneous invoices and expediting contractor payments.

## Your Success

You benefit from our dedication to transforming the government procurement process. The expertise of our team and the quality results we bring to our clients will give you peace of mind and ensure success.

As a Federal acquisition shared services provider, focusing on the details is what the Acquisition Services Directorate does best, so you can concentrate on meeting mission requirements on time, every time.
